

Vote-by-Phone at the Polls: Connecticut's Accessible Voting

Any voter in Connecticut may choose to vote at the polls using a specially designated telephone. The process is simple. An election official will escort you to the voting station and will access the audio ballot by entering a poll worker ID number and the ballot access code for your precinct. Simply listen to the directions and make your choices using the keypad. When you are done completing your ballot, the system will ask you to verify your choices. You will be given the opportunity to change any of those choices and even to spoil the ballot and start again, if you choose. Press “##” to complete the voting process and be sure to wait for the fax machine to send you your paper ballot. Place the ballot in the ballot box and your vote is complete.

3 Easy Steps to Voting

1

Listen carefully to the directions and make your selections using the telephone key pad.

2

Verify and confirm your choices after completing the ballot.

3

Wait for the fax machine to send your paper ballot. Place that ballot in the ballot box provided.

Vote-by-Phone Demonstration

To learn more about how Vote-By-Phone works, try the toll-free demonstration line:

1. Dial 1-866-979-3900.
2. When asked for the poll worker ID number, enter 1234#.
3. When asked for the ballot access ID, enter 101# (Township of Addison).
4. Follow the instructions for completing the demo ballot.
